

Preliminary Announcement and First Call for Papers

AICFM15

**15th ASIAN INTERNATIONAL CONFERENCE
ON FLUID MACHINERY (AICFM15)**

September 25-27, 2019

&

**2nd IAHR-Asia Symposium
on Hydraulic Machinery and Systems (IAHR-Asia2019)**

September 24-25, 2019

**Haeundae Grand Hotel
Busan, Korea**

Hosted by Korean Society for Fluid Machinery (KSFM)

ABOUT THE CONFERENCES

The AICFM15 is a continuation of the preceding fourteen conferences held in the name of Asian International Conference on (AICFM). Prior to the AICFM15 (September 25-27, 2019), IAHR-Asia 2019 will be collocated September 24-25, 2019. The conferences will be held in the wonderful and dynamic Busan, the 2nd largest city in Korea. These sequential conferences will be hosted by the Korean Society for Fluid Machinery (KSFM) and supported by other major Asian societies. Detailed information on the conferences, including publication schedule and venue, will soon be distributed as a formal announcement and call for papers. You may also refer to the official web sites shown at the end of this document. Those who are actively engaged in any facet of fluid machinery R&D are strongly encouraged to participate.

SCOPE

Papers dealing with all aspects of various fluid machines are welcome, especially in the areas of

- Cavitation
- Compressors
- Fans and blowers
- Flow meters and valves
- Fluid sealing
- Gas and steam turbines
- Hydro turbines
- Jet technology
- Monitoring & Diagnosis
- Propulsion
- Pumps
- Renewable energy
- Rotordynamics & Tribology
- Wind turbines
- General fluid dynamics of fluid machinery
